

Product Name: LED Sports Lights:

Skyline Series:

Skyline Series are innovative multi-functional sports lights, which are suitable for outdoor sports arena and indoor gymnasiums. It conforms to the modern aesthetic in outlook. Thanks to the unique structural and optic design, it can achieve max asymmetric beam 65°, minimize the backlight, upward light and spill light.

Features

1. Modular design, available in 600W, 1200W and 1800W
2. Professional and precise optic design guarantees high quality pollution free lighting performance
3. Visor is available to minimize light pollution
4. With the scale axis, easy for accurate installation
5. Remote power supply, easier for installation and maintenance
6. Electrophoresis + powder coating surface treatment, better in anticorrosion performance
7. 20kV surge protection
